

BrixBuilder

Soilsmart

Soil and Plant Management

BrixBuilder is a unique combination of Phosphorus and Calcium which overcomes the traditional incompatibilities between these two minerals. The result is a powerful, phosphate-based liquid fertiliser with excellent brix-building capacity. **BrixBuilder** also contains Nitrogen and Potassium to offer a balanced package.

N	P	K	Ca	pH
4.2%	14.3%	3.5%	4.3%	0.2 - 1.2

Turf	Orchards, Small Crops & Vines	Broadacre Crops
5-7L/ha	1L/100L water up to 4L/ha every 2 – 3 weeks or as required	1 - 2L/100L water depending on canopy

Where higher water rates are required for good foliar coverage, do not exceed maximum product rate per hectare. Sensitive foliage or plants should be test sprayed prior to full scale application

Directions for use :

- Do not apply if temperatures exceed 35 degrees
- Store in a cool place (>5 degrees)
- Keep lid firmly closed after each use
- Avoid contact with eyes, if swallowed seek medical advice
- **Keep away from children and animals**
- This product may be incompatible with some agriculture chemicals & fertilizers. It is advised that a jar test be done before mixing with other products. When using with other materials always add to tank last.
