

RootMax

Plant root stimulant
& Stress relief

Soilsmart

Soil and Plant Management

RootMax combines the nutritional and stimulatory properties of Deep Sea Kelp

RootMax also contains a broad spectrum of plant nutrients as well as vitamins, amino acids, plant growth hormones (Cytokinin's & Auxins) and enzymes.

RootMax will promote root growth and vigour and also relieve plant stress and aid stress recovery

The natural compounds contained in RootMax will stimulate beneficial microbial activity on the surface of roots and seeds and help breakdown surface tension, increase percolation and moisture retention in the soil.
