

# SoilSafe Mend

**Soilsmart**

*Soil and Plant Management*

SoilSafe Mend is a fertilizer, soil conditioner and biological inoculant in one, providing a complete balance.

Mend contains a comprehensive suite of 16 important plant minerals and a total of more than 20 components.

Mend is a 'living fertilizer' containing organic acids organic acids and microbes which have been used to complex and chelate minerals and nutrients to improve availability and stability.

SoilSafe Mend contains organic carbon and rock minerals to help build Cation Exchange and soil quality, whilst providing a slow, continual release and is a perfect addition for light/sandy profiles.
